DAVID GREGERSEN • President
Enterprise Newspaper Group

President's Message

Dear *Enterprise* readers:

We are excited to present you with the 2017 edition of *The Enterprise—Utah's Business Journal Book of Lists*. This has been a good year for business in Utah and the envy of most states in the USA. Businesses are strong and growing. It is a testament to the Utah business community and those around the country that we are one of the greatest states in which to live and do business.

I am always impressed at the significance of this publication as a reference tool for Utah businesspeople. It gets used all year long on a regular basis and is kept for a minimum of 12 months. *The Book of Lists* is our holiday present to our subscribers. Because we know how much the book gets used, we are pleased to provide it as a special bonus to our paid subscribers.

Preparing the *Book of Lists* for you each year is a large endeavor. We survey companies throughout the year and gather information from various resources to give you the most sought-after and up-to-date lists available. A big thank-you to our list developer, Laneace Gregersen, and our managing editor, John Rogers, for the extraordinary effort and long hours they put in to make this publication possible. I am also grateful for our entire crew here, for their contribution to this book and our weekly issues.

Note: If your company has not participated in past surveys or if you have suggestions for new lists, please contact our research department at (801) 533-0556.

Finally, we also wish to thank our *Book of Lists* sponsors this year: Roseman University of Health Sciences, Mountain America Credit Union and Cuisine Unlimited, and all our advertisers in this year's book. They make this special publication possible.

Please enjoy this year's edition of *The Enterprise—Utah's Business Journal Book of Lists*. And thank you for making *The Enterprise* a part of your professional lives and your No. 1 choice for local business news and information.

I wish you good health and a prosperous 2017.

FOUR GOOD MEN. ONE GREAT COMPANY.

At Transcript Bulletin Publishing we're proud of our deep heritage that began in 1894. With 119 years under our belt, that makes us the oldest continuous business in Tooele County, and one of the oldest in Utah. Transcript Bulletin Publishing has been owned and managed by the same family since 1898. It all began with Publisher James Dunn, a Scottish immigrant. His passion for the written word continued with his son, Alex, and then grandson, Joel. Those three men sparked the company and its newspaper, the *Tooele Transcript Bulletin*, to ultimately grow into a major printing, publishing and design enterprise with over 60 employees today. Now at the publisher helm, great-grandson Scott leads it all into a second century of existence with even greater passion and purpose. Four good men. One great company. Transcript Bulletin Publishing.

R & O CONSTRUCTION

At R&O Construction, we believe in a hard day's work. We know the client comes first, and that we will be remembered most by how we finish a job. We're only as good as our last project. Our job is not just to build projects. Our job is to worry so our clients don't have to, and to work each day so they can sleep each night. We are not entitled to our clients' projects, we earn them. We stand behind our work and are committed to doing it right. We are down to earth, straight forward and honor two things above all, our clients' trust and the reputation we've built. BUILDING FUTURES FOR 60 YEARS!

Loans subject to credit approval. See current rates and terms. Construction financing will require a minimum of a 5% down payment. For example a \$100,000 loan approved at 95% of value would require a down payment of \$5,000. The minimum payment for a \$95,000 loan with a 3.99% APR and 30-year term would be approximately \$276.29 for the first 12 months during the interest-only period, and then approximately \$426.06 after the end of interest-only period. This payment example does not include taxes and insurance. Your actual payment may be higher. The monthly obligation will be determined by the total loan amount at the time of closing and the term and interest rate of the loan.

University Federal Credit Union is a member-owned, full service financial institution with branches in Salt Lake and Davis counties. Originally established to serve the employees of the University of Utah, the Credit Union later added alumni and students to its field of membership. In 2004, UFCU expanded to serve anyone who lives, works, goes to school, worships, or volunteers in Salt Lake County, and relatives of those who qualify. Today, UFCU serves more than 80,000 members.

University Credit Union was started by a small group of professors at the University of Utah in July 1956. Founding member Dr. Roland Stucki, Chairman of the Finance Department, said, "No single person can take credit for organizing and developing the successful University Credit Union. It was a team effort where different individuals made substantial but different contribution to its success." Dr. Stucki and eleven others signed the original charter.

Initially created to serve University of Utah employees, membership in University Credit Union is now open to anyone who lives, works, goes to school, worships, or volunteers in Salt Lake County. Membership is also open to relatives of those who qualify.

REIMAGINE THE CLASSROOM

How do students with different learning styles learn best? Not by sitting in a two-hour lecture. Interactive learning with peers and instructors “in the round” optimizes student learning and magnifies content mastery. Roseman University of Health Sciences has been reimagining classroom learning since our inception in 1999. Using the **Six-Point Mastery Learning Model** we train a different kind of student to thrive and practice in today’s complex world of medicine and patient care.

Challenge. Reimagine. Roseman.
